

Shoutbox (chat)

Posted by Abe - 2011/02/03 08:45

Hello,

It is possible to insert of this site shoutbox, chat room or something like this?

It is possible that this is something we would add for the official launch on March 1st. However, chat sessions are difficult if not impossible to moderate. But it's something we've considered and if enough people think they will use it, then we may try it.
