Is this an official item? If so, where was it made? what country? How much? Do you have a photo?

I don't recall MJ ipad...

Yes Paula, it's an official item but promo one. It wasn't for sale but given by Sony Asia as a giveaway among those who bought 'Michael' CD last year.

You can find a picture of it in our site at the PC equipment category or if you search for it typing: ipad you'll find it.

The last iPad sold on eBay for approximately \$1400 USD total, and it was in Used Condition with scratches. I am happy to sell mine for only \$1,000. So anyone that is interested in getting it for a bargain

price, please contact me.
