Hi! I love 3"CDs from Japan and I am looking for some from Michael, the Jacksons featuring Michael & 3T (Why + I Need You) featuring Michael.

I have all those from the Dangerous album.

I can buy at a reasonable price or swap - I've been a fan since 1983.

Thank you for your help!

I have a very rare "In The still Of The Nite" 3inch Snap Pack for Sale. It is special because on this CD you find also Album Snippets from the Jacksons TV Series, sung by Michael. It has the "Skyline-Cover" from the Jacksons TV Series. 2 track. Track 1 is from Boyz II Men
