HEllo everybody,

I am looking for the Artist Of The Decade Award by Michael.

Does anybody know where I can get it?

I saw one selling for 1000 USD lately on eBay but I was too late bidding.

WOuld be awesome if anyone could help me get it.

OK, this is probably a stupid question, but were those awards individually hand-signed by Michael or is the signature autopen?

Yes, you're right. It's autopen. We have one for sale and it's a low number. But it's not 1000 USD for sure.

We sell also other rare platinums or gold RIIA awards.
