

Personal Note

Posted by m-martinez - 2014/01/12 01:52

I just found this site and am very excited to start using it.

I have a quick suggestion. It would be nice to be able to put a personal (private) note on items in my collection. For example, I would like to be able to store details about the records I have, like if I have the original sleeves and what condition it is in. If a field could be added for that, it would be very helpful for me, and possibly for others also.

Thanks for creating this great site.

Hi and welcome here!

Thanks for the suggestion we'll take into consideration for future upgrading. In the meantime, if you want to add your items to our site, possibly not dupes, as we tend to add unique items only, you can do it, using the link to add item that you'll find in the home page or once you opens a category. There, in the long description, you can add general info on the item and eventually add your personal notes.
