Hey Guys,

Wanted to post a quick note that we have some relatively rare MJ Vinyl on the new site we just launched - Merchbar.com

You can check out all of the Michael Jackson vinyl here.

Here's some of what we have:

MICHAEL JACKSON BAD: 25TH Anniversary (180 gram pressing)
MICHAEL JACKSON THRILLER Vinyl (This is the picture disc version!)
MICHAEL JACKSON BAD: 25TH Anniversary Picture Disc

and a lot more.

Would love to help you find anything else you are looking for for other artists too. Let me know if I can help.
