Thriller (Emocionante) Promotional 7" Single (Peru)

Very Rare Michael Jackson promo 7" single from Peru on Pibe label.

This issue is one of the rarest South American editions, and it is unclear who managed this release. This record could have been just a personal pleasure for some Fan Clubs and radio stations of the suburbs of Lima-Peru in 1983. PIBE label was used only for THRILLER edition in same yellow color label as the regular EPIC release but this one shows their own picture sleeve in rare green color. Stef Muller Productions.

(Thanks Chemi for these nice pictures)
