E.T. The Extra Terrestrial Limited Edition LP Deluxe Box Set (USA)

This LP narrated by Michael and produced by Quincy Jones comes in a deluxe box set with 24 page color storybook, "Michael and ET" poster (22"x22"), and "ET Club" membership card. Â Michael also sings the song "Someone In The Dark" (Long/Short Versions). Â This LP was later "reissued" by MCA well after the MCA-CBS lawsuit was settled (c. late 1980's). Â The reissue is not really a "reissue," but is identical to the original LP except for a sticker placed over the spine reading either "MCA 71000 Suggested List Price \$12.98" or "MCA 6145."
