### **Note:**

*RIAA: Record Industry Association Of America .*

*The RIAAÂ® GoldÂ® and PlatinumÂ® Awards program was launched in 1958 to honor artists and create a standard by which to measure sales of a sound recording. In the beginning, there was only a GoldÂ® album award for the sale of 500,000 copies. As the industry grew, other awards were developed.*

The PlatinumÂ® award (1,000,000 sold) was created in 1976 and with the advent of the compact disc and the subsequent increase in sales, the Multi-PlatinumÂ® award was created in 1984. On March 16, 1999, the RIAAÂ® launched the DiamondÂ® Awards, honoring sales of 10 million copies or more of an album or single.
