Moonwalker Special Effects Face #2 (1987)

Original silver painted, vacuum formed plastic cast of Michael's face that was used as a test face during the filming of Moonwalker to determine how the final transformation of Michael into a robot would look like. This is a face in the mid stages of transformation. The plastic cast was sold along with a signed letter from Rick Baker of Cinovation Studios stating that he has personally inspected the piece, and it is an original Michael Jackson test face.

Sold by Julien's Auctions (Lot #1570) for \$3,200 at their 2011 "Icons & Idols Rock 'N' Roll & Sports" auction. All pictures and screen captures are the property of their respective owners.
