BAD Double Platinum Award For The Sale Of 100.000 Copies (Switzerland)

BAD Double Platinum Award presented to Michael for the sale of 100.000 copies in Switzerland.

Presented to him in 1989 by CBS Schallplatten AG in Switzerland. It was personally handed to Michael while he was in Switzerland. The award is made of the original BAD metal stampers that were used to press the vinyl record in the factory. A really heavy and huge award due to the original metal stampers!
