Michael Jackson LJN Toys Doll *Beat It Video Outfit* (USA)

"Michael Jackson: Â Superstar of the 80's" official dolls made by LJN Toys in 1984. Â About 11 1/2" tall, and comes in a 14" display box with black plastic "posing stand", microphone, glove, and sunglasses. Â In addition to the four different dolls, six additional outfits were sold separately. Â The original boxes picture the three MJ photos on the display box with a faint mustache on Michael. Â This was later removed from the subsequent boxes...maybe somebody didn't like it??
