E.T. The Extra Terrestrial - Storybook Album - Special Vinyl Box Set (Japan)

Rare Withdrawn E.T. (Extra Terrestrial) LP Vinyl Special Edition Box Set. This box set comes with Japanese Obi strip and includes a 7 track LP Vinyl, a Japanese 8 page booklet with tests and info in Japanese, a 24 page color booklet featuring stills from the film, script excerpts, lyrics and credits, plus a fold-out large glossy poster with Michael and E.T.

Michael narrated the story of ET movie and sings an unreleased wonderful song, written just for it: 'Someone In The Dark' dedicated to ET The Extra Terrestrial character.

This album set is very rare because CBS sued Motown which was Michael's former record company and claimed they had signed a new deal with Michael in 1982 and were about to publish Thriller; so for the conflict of interests between these 2 record companies, this production had to be withdrawn because the judge ordered Motown to do so. As all withdrawn items, it became one of the rarest items ever and this is the rarest version released in Japan, totally different from the US and UK versions.
